

AMERICAN PARKS COMPANY

Building Better Parks for Children of all ages 1-800-381-4491

Limited Warranty

10-YEAR PRO-RATED LIMITED WARRANTY

American Parks Company (APC) provides a 10-year pro-rated limited warranty from shipping date with the following limitations. APC limits its warranty to the supply of materials that will assemble according to sealed engineered drawings and installation instructions, and can be assembled with normal expertise and with tools required and found in the construction trades. It is expressly understood that APC's liability be limited to repair or replacement of nonconforming material at time of delivery.

APC does not warrant product for defects caused by erection, harsh site conditions, lack of maintenance, and/or other conditions beyond APC's control. APC will not be held responsible for any materials that were not properly stored prior to installation. APC reserves the right to void the limited warranty if it not installed per the installation instructions and/or unauthorized modifications.

APC shall not be held liable for field alterations. APC shall only be liable for meeting the building code indicated on the sealed engineered drawings.

Any replacement part under warranty is warranted for the remaining original warranty period or six (6) months, whichever is longer.

This Limited Warranty supersedes all other warranties expressed or implied. The warranty on items not manufactured by APC (i.e. metal roofing, shingles, wood shelters), will be as passed through APC's supplier as per their warranty; contact Customer Service for this Supplier Warranty.

This Limited Warranty is conditional upon payment in full to APC within terms. Liability under this Warranty is limited in that it shall not exceed the original sales price of the components as supplied by APC.

Powder Coat Warranty

This limited warranty is for the factory applied Superdurable powder coating. This 10-year pro-rated limited warranty is intended to define the obligations and limitations of the purchaser as well as the obligations and limitations of the supplier. This limited warranty is only valid if APC has been paid in full for the cost of the shelter.

Damage occurring from shipping, erection, vandalism, accidents, or field modifications will require field touch-up immediately and periodically thereafter, which is not covered in this limited warranty.

Exposed nuts and bolts will either be supplied with a light plating or powder coating. It is the responsibility of the contractor to paint and/or touch up the nuts and bolts after erection and these must be maintained by the customer.

The 10-year limited warranty will exclude buildings erected at sites where salt air, corrosive environment, high humidity or sprinkler systems come in contact with the shelter.

Failure to maintain finish system with annual touch-up and documented maintenance procedures will void the limited warranty.

Not covered by this limited warranty are acute angles, end plates, and other accessories that are prone to minor defects on occasions and will require touch-up by owner.

Failure of the coating will be defined when at least 8% of the total coated surface has significant loss of performance or appearance characteristics when compared to the original finish. Rust stains from roof trim, screws, and screw holes do not constitute a failure.

If a claim is made for paint failure a complete document must be provided by the owner. If a site visit is required by APC the travel expenses will be covered by the customer prior to travel taking place. However, should the failure be determined to be under the limited warranty the customer will be reimbursed for these expenses. In the case of a failed paint system, APC will repaint the structure with its best in-house system providing that the owner dismantles the structure and returns it to APC. APC will refinish the structure and ship it back to job site at their expense. The refinishing will not extend the original warranty of the paint system. The owner is responsible for erecting the building at their expense. As an alternative, APC will pay customer up to the cost of the original paint system on a pro-rated basis for time left of the 10 year limited warranty.
